

Call for Nomination of the *PVSEC Award*, *PVSEC Special Award* and *Hamakawa Award* by the end of April 2022

The PVSEC Award, PVSEC Special Award and Hamakawa Award will be given on the occasion of the 33rd International Photovoltaic Science and Engineering Conference (**PVSEC-33**) in November 13-17, 2022 at the Nagoya Congress Center, Nagoya, Japan

Terms of Reference

The PVSEC Organizing Committee is now inviting nominations for the above Awards which will be awarded at the PVSEC-33 in Nagoya. Nominations can be made by any members of the photovoltaic technical community with a nomination letter including **200 words** recommendation reasons on his or her key achievements with contributions and brief vitae to be forwarded to the Chairperson of the PVSEC Award Committee: Prof. **Makoto KONAGAI**, Tokyo City University,
E-mail: mkonagai@tcu.ac.jp. The deadline is 30th April 2022.

Individuals nominated for the Awards must have considered the following criteria:

【PVSEC AWARD】

The person who has been devoting oneself to the progresses of Photovoltaic Science and Engineering for many years, belonging to PVSEC Society in principle.

【PVSEC SPECIAL AWARD】

The person or group who has been contributing a great deal to the growth of Photovoltaic Industrial Technology or who has been actively participating in Public-Policy-Making or the like.

【Hamakawa AWARD】

This award is named in honor of Professor Yoshihiro Hamakawa, a founder of the PV community in Japan and the Asia/Pacific PV Conference (PVSEC). The purpose of the award is to recognize scientists and engineers who have made outstanding research and technological accomplishment, and creativity of PV energy conversion.

The winners of the PVSEC Award, PVSEC Special Award and Hamakawa Award will receive an engraved plaque with a prize. Especially, the winner(s) of the PVSEC Award will be invited to deliver a commemorative lecture.
